County Criminal History provides criminal history reports from all U.S. counties. Our team of experienced investigators researches and reports back to our clients the most accurate records in our industry.

National Criminal History is a comprehensive database search of multiple criminal record sources and provides instant access to around 200 million criminal records, with thousands of new records added each month. Plus, as a value added service to our clients, all potential criminal records are re-verified with the courts at no additional charge to our client.

State Criminal History provides criminal history reports from all states where they are available (39 states). Our team of experienced investigators researches and reports back to our clients the most accurate records in our industry.

Sex Offender searches the national Sex Offender Registry and reports any findings. Our uniform report format makes it easy to report and interpret reports from different states and sources.

Federal Criminal will search Federal judicial records and report back on criminal records from Federal jurisdictions.

Provides instant access to records to confirm that a provided social security number is linked to a particular subject. Information yielded may include other name(s) associated with the social security number, current/past addresses, month/year of birth. No information is yielded if the social security number is not contained in the database.

Motor Vehicle Report (MVR) provides fast, consistent reporting with direct access to driving records. Each report contains the dates and descriptions of any violations, suspensions, and/or revocations. If you are ordering MVR's, please input the subject's name in the Subject Information section exactly as it appears on their driver's license.
